

# ASTM PAS 68 / IWA 14 CRASH TESTED REMOVABLE BOLLARD AT 40MPH/64KM/H

## TRUCKSTOPPER 9-40

Super Shallow Mount Foundation  
only 20cm/8 inches deep.

*Stops a 7.5 Tonne Truck Travelling at 40mph/64km/h*

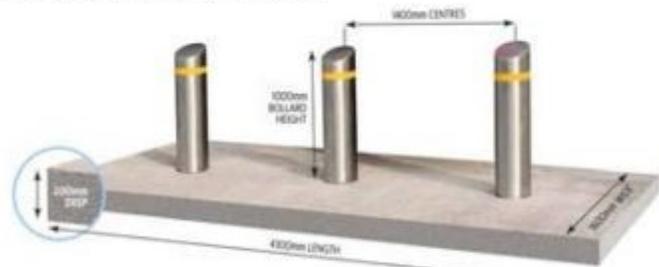

Crash Rated with 7.5 Tonne GVW Truck at 40Mph/64Kph 'Super Shallow Foundation Only 20cm/8inches Deep', reducing the need to divert utilities.

This bollard is the cost effective removable (N2A) bollard system on the market today.

- ▶ This bollard can be fixed or removable for vehicle access.
- ▶ Comes in break down kits allowing for ease to install.
- ▶ Very aesthetically pleasing.

This new Anti Terrorist Bollard, has been designed with the added advantage that the slipper box or (post socket box) can be moved separately and is not rigid. The box can be swivelled around a corner of 90 degrees or more if needed and can adapt to an up and down slopping surface without having to change the box design.

After impact tests the penetration was only 2.4 metres.

Super Shallow Mount Foundation only 20cm/8 inches deep

Patent Granted

**A World's first to be designed  
and tested with a 90° Swivel Base Plate**
